Asia EISC 2027

The 2nd Asia Conference on Edge Intelligence and Service Computing

MAY 19–21, 2027 | Hong Kong, China

CALL FOR PAPERS • HYBRID MODE

Conference Introduction

Building on the success of its inaugural edition in Singapore in 2026, Asia EISC 2027 provides an international forum for researchers, engineers, and industry professionals to exchange advances at the intersection of edge computing, artificial intelligence, and service-oriented architectures, with a focus on imaging, sensing, and data-intensive perception systems.

Organizing Committee

CONFERENCE CO-CHAIR

Assoc. Prof. Siew-Kei Lam
IEEE Senior Member
Nanyang Technological University, Singapore

PROGRAM COMMITTEE CHAIRS

Prof. Xinheng Wang
IET Fellow, IEEE Senior Member
Xi'an Jiaotong-Liverpool University, China

Conference Tracks

1. Edge AI for Imaging & Embedded Vision
2. Computational Imaging & Imaging Pipelines at the Edge
3. Multimodal Sensing & Sensor Fusion for Edge Perception
4. Remote Sensing, UAV, and Geospatial Edge Analytics
5. Intelligent Edge Services & Cloud-Edge Orchestration for Sensing Workloads
6. Trustworthy, Secure, and Efficient Edge Intelligence for Imaging/Sensing

Publication

All submissions will undergo rigorous peer review. Accepted papers will be included in the Asia EISC 2027 Conference Proceedings, published by **SPIE** and submitted for indexing in **EI Compendex and Scopus**.
